Daily Madness first hired Saoirse Stephens through the Animation and VFX graduate scheme in May 2021. From day one, Saoirse has been an amazing asset to the crew – she is a great team player, very quick to learn, and very enthusiastic about pushing her career forwards.

In the last couple of years with us, Saoirse has worked across a variety of TV productions as an animator. This has required her to use Adobe Animate, CelAction and Toonboom, and she has clearly demonstrated her ability to pick up each software with ease, and always adapts her style quickly to all our TV shows. She is consistent in completing her allocated workload on time and to a very high standard, and is able to address feedback accurately and efficiently. Universally, her colleagues, team leads, and animation directors cannot speak highly enough about the joy of working with Saoirse.

I would very highly recommend her to any production studio.
